

swan[®]
SYMBOL OF QUALITY

Capsule/Horizontal Tank

FEATURES

CUTE AND CONVENIENT DESIGN

Suitable for rainwater harvesting and water transportation

EASY TRANSPORTATION

A specially designed structure helps easy shifting from construction sites and agriculture fields.

DOUBLE-LAYER LOGO

EMBOSSED THREADED LID

Protect water from insects flies and dust.

REPLACEMENT GUARANTEE

We offer 10 years of replacement guarantee for manufacturing defects.

USER FRIENDLY

Available in various capacities and colours.

100% VIRGIN FOOD GRADE PLASTIC (4 LAYERS)

- 1st UV stabilised outer layer prevents colour fading and cracking.
- 2nd Black layer blocks sunlight and protects algae formation.
- 3rd Puf insulated form layer keeps the water in normal level.
- 4th Virgin food grade inner layer protects water from chemical leaching.

A PREMIUM QUALITY PRODUCT FROM KTK GROUP INTERNATIONAL

By using the latest technologies and advanced machinery Swan Capsule tanks became a Symbol of Quality.

PURE WHITE INNER LAYER

We don't use bluetone materials and other low quality materials

Capsule/ Horizontal Tank
